

# NUTRIENT FEED CHART - RUN TO WASTE

A&B Aquaflakes - A&B Hydro - A&B Coco

**8 weeks**

Always take the EC Value of the Base Water first as this differs per region. Many plants have varied flowering times. Please allow your plants to finish their flowering time. All measurements are ml/litre.

Growth Feed 18 Hrs	Propagation	Week 1	Week 2	Week 3	Week 4
